BY INDOCHINA KAJIMA

Dec 2022

Welcome to Core5 Vietnam – Industrial quarterly update, where you will find our latest news and announcements.

2022 was a year of firsts for Core5, including this Newsletter.

We will keep it brief and use this occasion to wish you a merry Christmas and happy New Year, on behalf of the whole Core5 team!

Project Update

Core5 Factory Village in DeepC Hai Phong 2 Industrial Zone

The Core5 Factory Village is premiering in Deep C Hai Phong - it's where strengths of the strategic location, strong project design and American standard operator all come together.

According LEED certified design, the terraced introvert set up with the curving curtain-wall off the mezzanine offices in a spacious loading court brings in a lot of natural light into office and workshop and creates the specific Core5 identity known as "Factory Village". This emphasizes the intention to build full serviced communities where it is easy to attract and retain human resources and create symbiosis among the operating businesses. Cementing the Core5 brand identity further; as terraced should be more than just sharing a wall.

Nearly 44,000 sqm will come online in May 2023 and 42,000 sqm more in late 2023

Curtain wall mezzanine office

Spacious Loading Court

Sneak Preview

Core5 Factory Vilage - Hung Yen Minh Duc IP

This new development will offer nearly 67,000 m2 of world class factory for lease to the mature market in My Hao Hung Yen. Currently under development and available for occupancy by end 2023.

"Industrial property is our game"
